Pope's Prayer Intention for April

For the use of new technologies

Let us pray that the use of new technologies will not replace human relationships, will respect the dignity of the person, and will help us face the crises of our times.

Footprints

Mary of Magdala went to the place where Jesus was buried and found an empty tomb. She hurriedly went to inform the other disciples about the empty tomb. Peter and John sprinted towards the location of the tomb. Jesus' body was not there. The beloved disciple saw an empty tomb and believed.

The disciples found an empty tomb at the lowest moment in their lives. They witnessed the death of their Master and Friend. To all appearances, the empty tomb is a paradox. But the empty tomb is a message of hope, for the Lord is risen from the dead.

There are many instances in our lives when we find an 'empty tomb'. The Lord is seemingly nowhere to be found, especially during those times when we need Him the most. In these moments when we find ourselves in an 'empty tomb', the response of John is the example to follow. We see in those moments that the Lord has always been there and just like the beloved disciple, we only have to believe.

The lyrics of the song *Footprints in the Sand* put it quite well: "Lord, you said once I decided to follow You, You'd walk with me all the way. But I noticed that during the saddest and lowest times of my life, there was only one set of footprints, and I don't understand why when I needed You the most, You would leave me"

The Lord replied, "My precious child, I love you. And I would never leave you. During your times of your suffering, when you could see only one set of footprints, it was then that I carried you."

Happy Easter!
